Adamo-Faiden is an architecture studio established in Buenos Aires in 2005 by Sebastian Adamo y Marcelo Faiden. Their practice extends to the field of teaching and research, and has been internationally recognized by different media and institutions. Their works were exhibited at the Sao Paulo Architecture Biennial, the Chicago Architecture Biennial, the Guggenheim Museum in New York, the LIGA Architecture gallery in Mexico, the Spain Cultural Center in Buenos Aires and at the Storefront for Art & Architecture in New York. Four monographic publications compiled the work of adamo-faiden, the last of them published by TC Cuadernos in Spain, one published by Casa Editrice Libria in Italy, another by the magazine 2G of Gustavo Gili in Spain and the first of them by Editorial ARQ from the Pontifical Catholic University of Chile.

Arch. Sebastian Adamo

He completed his undergraduate studies at the University of Buenos Aires (FADU-UBA) and postgraduate studies at the Polytechnic University of Catalunya (ETSAB-UPC). He was a professor at FADU-UBA and at Torcuato Di Tella University. He was invited to teach and lecture at numerous institutions including the Princeton School of Architecture, the Canadian Centre for Architecture, the Harvard Graduate School of Design, the Politecnico di Milano, the Royal Institute of British Architects in London, the Illinois Institute of Technology in Chicago, the École Polytechnique Fédérale in Lausanne, the Polytechnic School of Architecture in Madrid and the Pontifical Catholic University of Chile.

Phd. Architect Marcelo Faiden

He completed his undergraduate studies at the University of Buenos Aires (FADU-UBA) graduated with a Honor Diploma, and postgraduate studies at the Polytechnic University of Catalunya (ETSAB-UPC). He received his PHD (ETSAB-UPC) with his thesis "The basement of the tall buildings". He was a professor at FADU-UBA, University of Palermo and Torcuato Di Tella University. He was invited to offer courses and conferences at numerous institutions including the Princeton University School of Architecture, the Canadian Centre for Architecture, the Higher Technical School of Architecture of Madrid, the École Polytechnique Fédérale de Lausanne, the Higher Technical School of Architecture of Valencia, the Escola da Cidade from Sao Paulo, the Faculty of Architecture, Design and Urbanism of the University of Montevideo and the Pontifical Catholic University of Chile. He periodically teaches postgraduate courses in the masters of the Escola da Cidade, FADU Udelar, FADU UB
